Student with single parent can excel to their studies even though they experience the struggles in life. That they only one parent. They can manage to survive everyday even they have many problems because a students with single parent should manage their time in school and in home, because they have only one parent to support them.

This qualitative case study was conducted to describe the clearer picture of their lives with single parent and how they survive in this kind of living the crucial experiences of having a single parent. The challenges and struggles of having a single parent. The students with a single parent survive in daily life the impacts of this situation in his life.

The main source of data were from our interviewee selected in grade 11 student of Gen. E. Aguinaldo National High School. We discussed, interpret, analyze the data to form a significant interpretation.

The 4 themes emerge from the experience are: It hurts you know. The hope that reflects. I wont give up. We end up to the 4 description of the case, and they are: The student's painful experiences, The student's hopeful experiences, and last The student's remarkable experiences.
