Article 14 of the Philippine Constitution of the right of all citizen to quality education and shall make education accessible to all. Poverty line in 2015. However there are factors that hinders children to avail this one of these is the distance of home from school. Unfortunately, there are students how cannot afford transportation.

This case study was conducted to the experience of a student walking kilometers to school every day.

The main source of the data where from interview from the participant from Gen. Emilio Aguinaldo National High school. Litchman's 3Cs of qualitative data analysis was done to analysis and interpret the result of study.

The researchers ended up with four themes to describe the experience of a student walking going to school every day. These are: The Grass, Cropping and Planting, The Farmers and The Harvesting. The researchers break the description into four parts: The Student's Hesitations, The Student's Diligence, The Students Back Up and The Student's Ambition.
